biz DocInsight.ai

AI-Powered MFP

From printing equipment,
Upgrade your enterprise AI document assistant

AI OCR document extraction

Automatically read orders, invoices, business cards, and document data, exporting them to Excel or other editable document files

AI handwriting removal tool

Identify and remove handwritten marks while preserving printed content

Language translation

Using AI technology, the entire document is automatically translated into different languages while fully preserving the original format, content, and structure

Document real-time comparison

AI automatically analyze two documents, clearly comparing differences in content, structure, and semantics, greatly improving verification efficiency while ensuring accuracy

Application scenarios

Education

- Digitize student documents
- Auto categorize & search
- Boost operational efficiency

Property management

- Intelligent lease management
- Quick document retrieval
- Automate workflows

Retail

- Invoice processing is automatic
- Operational data compilation

Why biz DocInsight.ai?

The value it brings to businesses

- Boost work efficiency by up to 70%
- Reduce human errors
- Speeding up decision-making
- Establish corporate intellectual assets

BOUNDARYLESS COMMUNICATION WITH AI PHONE CONNECT

— AI UNIVERSAL AGENT · POWERED BY VOTEE

AI Universal Agent that speaks perfect Cantonese

識聽、識講、識做嘢 — 一把流利廣東話嘅 AI 客服。

Handles routine calls, chats and bookings end-to-end, around the clock — across voice, WhatsApp and a digital avatar. Built on the world's first Cantonese LLM.

專為您的客戶、團隊及企業而設的現代化、AI 優先電話系統。

Zoom Phone 結合企業級可靠、全球覆蓋及內置安全性，配合以人工智能為先的簡化設計，讓您能夠提供更智能的服務、保持團隊緊密聯繫，並更快擴展業務。

內置人工智能 讓通話更聰明

自動獲取通話摘要

無需手動抄寫筆記，即可記錄通話重點及下一步行動。

將留言信箱轉化為工作事項

將留言語音轉錄成文字，並記錄為清晰的跟進事項與待辦任務，無需逐一聆聽。

更快為留言信箱排定優先次序

Zoom AI Companion 會標示出最重要的訊息，讓您知道應先集中處理哪些事項。

通話期間獲取實時解答

在通話途中向 AI 提問並獲得即時回覆，無須中斷對話。

應用系統整合

連接您的電話與工作應用程式與 Salesforce、HubSpot 及其他兼容的商業應用程式無縫整合。

在 Microsoft Teams 中工作
直接在 Microsoft Teams 內撥打電話並存取 AI Companion 功能。

整合您的聯絡中心
啟用智能分流 (Intelligent Routing) 及客服人員支援，提供更高效的客戶服務。

擴展 Zoom Phone APIs
將 Zoom Phone 功能構建至您的自訂應用程式中，實現通訊轉型。

團隊如何透過 Zoom Phone 保持聯繫？

IT 管理員

從新員工入職到處理通話量高峰期，Zoom Phone 為 IT 部門提供所需的工具，一切盡在掌握。

銷售團隊

簡化跟進流程、自動記錄活動，並分析業務洞察，全部在單一平台上完成。

零售

輪班交接協調、共享裝置，並迅速回應客戶需求。

製造工場

跨部門、跨輪班組合，以及在嘈雜環境中保持聯繫，將干擾減至最低。

醫療保健

快速分流來電、管理傳真及連接各部門，讓醫護團隊能專注照顧病人，而非處理電話系統。

客戶體驗

協助支援團隊更快接聽來電、協作處理複雜問題，並追蹤跟進事項，確保客戶獲得及時、一致的支援。

Please consult Lenovo representative for details.

neat.

neat.no

Neat Bar

Highly efficient BYOD meetings in small to medium spaces. Neat Bar offers flexibility and familiarity by allowing you to run meetings directly from your laptop. Effortlessly share content while experiencing powerful audio and video performance with or without our dynamic Neat Pad controller.

Neat Bar Generation 2

Simple yet powerful meetings in small to medium rooms. Neat Bar Gen 2 brings beautifully simple yet powerful audio and video quality to your native video meetings, driving up to two 4K screens to experience your teammates and content sharper and larger than ever. It also supports BYOD-only mode with or without a Neat Pad.

Neat Bar Pro

Power to drive engaging meetings in medium to large rooms. Neat Bar Pro drives up to three monitors to give you the ultimate immersive meeting experience by allowing you to simultaneously see people and content more easily. It incorporates two extreme resolution cameras and an advanced image depth sensor that, combined, deliver 16x zoom.

Neat Center

See and hear everyone better in medium to large rooms. Neat Center brings meeting participants on the far end of a call to the center of the conversation so they don't miss a thing. It enables them to gain a closer, more natural, and engaging audio and video perspective of all in-room participants.

Neat Board 32

All-in-one touchscreen for focus spaces and desks. Neat Board 32 is an all-in-one 32-inch touch device designed to maximize collaboration and productivity. It also doubles as a 4K monitor integrated with premium audio and video.

Neat Board 50

All-in-one touchscreen for small spaces and huddle rooms. Neat Board 50 is a sleek yet powerful device. Its 50-inch touchscreen empowers you to move, interact, create and collaborate efficiently, all within easy reach.

Neat Board Pro

All-in-one touchscreen for medium to large rooms. Neat Board Pro delivers a vivid display of power through a 65-inch multi-touch screen and naturally adaptive, far-reaching audio and video for immersive meeting experiences in one elegant device. It offers a range of extendable capabilities, collaboration applications, and uniquely flexible mounting options.

Neat Frame

All-in-one touchscreen for personal spaces and welcoming areas. Neat Frame is a convenient portrait-oriented enterprise-grade touchscreen device. Its superb eye-level camera gives you a more focused, naturally engaging, inclusive meeting experience. At the same time, it frees up your laptop to view content more clearly.

Neat Pad

Touchscreen meeting control or room availability within easy reach. Neat Pad is a slim, 8-inch touchscreen meeting controller that lets you start and manage meetings and share your screen, with a single tap. It can also be deployed as a scheduling display, making it easy to check availability and quickly book or reserve workspaces.

Neat Pad Pro

Touchscreen meeting control or room scheduling with more power. Neat Pad Pro is a 10-inch touchscreen meeting controller or scheduling display that brings clarity and efficiency to every meeting room. With built-in microphones, AI-powered audio processing, and environmental sensors, it supports simpler, healthier, and more cost-effective room management.

Complete every Neat space with Neat Pulse and Neat Open

Neat Pulse

Control, manage, and support every Neat device at scale. Neat Pulse gives IT teams a clear cloud-based view of their Neat deployment, with tools to monitor devices, manage settings, apply updates, access remote control, and support rooms more efficiently across locations. Neat Pulse also includes support and warranty options depending on plan.

Neat Open

More flexibility for BYOD, apps, and AI-powered room experiences. Neat Open lets users run meetings from their laptop, share wirelessly, capture AI-powered notes, and extend spaces with apps — while IT keeps control through Neat Pulse.

SANGFOR ATHENA SASE

The Smarter, Simpler, and More Secure Way to Connect

Unified Security & Networking with Cloud-Native SASE

In today's rapidly evolving digital landscape, organizations require secure, agile, and efficient network solutions to stay ahead. The rise of hybrid work culture, adoption of cloud applications, and globally dispersed users have made traditional security perimeters obsolete.

Sangfor Athena SASE is a comprehensive Secure Access Service Edge platform that unifies advanced security (ZTNA, SWG, FWaaS, DLP, and EDR) with WAN agility. Built on a cloud-native architecture, it delivers fast, secure, and reliable access to the internet, cloud, and on-premises resources from any location, at any time, on any device.

Why Sangfor Athena SASE

Cost-Effective

- ✓ Value-for-money pricing
- ✓ No hidden add-ons (Everything comes with base licenses)
- ✓ Flexible licensing (Your Transformation, Your Journey, MOQ 25)
- ✓ No restrictions based on bandwidth

Services

- ✓ Premium support services (No additional cost)
- ✓ Dedicated CSM and local FAE for local language support
- ✓ Strongest partner ecosystem

APAC Presence

- ✓ Strongest PoP network in APAC
- ✓ Hong Kong, Malaysia, Singapore, Indonesia, Taiwan, Mainland China, Thailand, United States, Turkey, and Italy
- ✓ No restriction on PoP usage

Market Recognition

- ✓ Frost & Sullivan – 2025 Best Practices in APAC SASE Industry
- ✓ Frost & Sullivan – 2025 Frost Radar – Recognized in Leadership Quadrant

Intelligent Collaboration

Bring a Smart Working Style to Everyone

HUAWEI IdeaHub

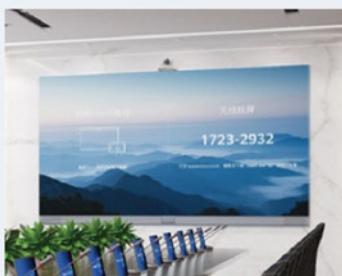

HUAWEI IdeaHub is an intelligent large screen designed for offices and team collaboration scenarios. It is mainly deployed in conference rooms, executive boardrooms, and open offices — to support enterprise collaboration and productivity.

AI VoiceLink

An AI simultaneous interpretation solution, supports meetings, customer service, and cross-border scenarios. Powered by China Mobile's network and AI speech tech, it delivers real-time multilingual communication effortlessly.

— A Product That's Right for You —

Huawei CloudLink Video Conferencing Platform

Huawei's next-generation video conferencing platform delivers 4K ultra-HD video to create an immersive video conferencing experience.

HUAWEI IdeaHub Board

HUAWEI IdeaHub Board, a 4K soft light screen and smart board designed for collaboration and creation: a space where fresh thinking and new ideas can be brought to life.

Exhibitor List (in sponsorship tier and alphabetical order)

Booth 5 MAXHUB

MAXHUB

MAXHUB is a global leader in commercial displays and unified communications, serving 140+ countries through 10 subsidiaries and 29 local teams. We unite hardware, software, and services to break down collaboration barriers, enabling smarter decisions and agile organizations—empowering teams worldwide to communicate, create, and connect.

Booth 19 Lenovo (Hong Kong)

Lenovo

Focused on a bold vision to deliver Smarter Technology for All, Lenovo has built on its success as the world's largest PC company with a full-stack portfolio of AI-enabled, AI-ready, and AI-optimized devices (PCs, workstations, smartphones, tablets), infrastructure (server, storage, edge, high performance computing and software defined infrastructure), software, solutions, and services. Lenovo's continued investment in world-changing innovation is building a more equitable, trustworthy, and smarter future for everyone, everywhere.

Booth 18 Sangfor Technologies

Sangfor Technologies is a leading global vendor of IT infrastructure solutions, specializing in Cloud Computing & Network Security with a wide range of products & services including Hyper-Converged Infrastructure, Virtual Desktop Infrastructure, Next-generation Firewall, Endpoint Protection, Secure Web Gateway, Network Detection & Response, Secure Access Service Edge, Anti-Ransomware, Managed Detection & Response, and many others.

Booth 17 Huawei

Huawei Intelligent Collaboration, a leader in video conferencing, offers CloudLink and IdeaHub with 4K and AI. It enables all-scenario, seamless multi-device collaboration, helping enterprises digitally transform, with the mission to enable intelligent work and unleash efficiency.

Booth 6 Neat

neat.

Neat transforms passive rooms into thinking environments with smarter, simpler video devices powered by distributed intelligence. Open by design and built for every space, Neat devices sense, respond, and coordinate seamlessly to support more natural collaboration through meeting experiences shaped around human behavior. Compatible with Google Meet, Microsoft Teams, Zoom, and flexible BYOD workflows, Neat devices deliver fast deployment, intuitive management, and exceptional audio and video quality. Founded in Oslo, Neat has a passionate global team redefining how people meet and collaborate. Learn more at neat.no.

Booth 7 Zoom

Zoom (NASDAQ: ZM) is a system of action for modern work, turning live collaboration into completed results. From entrepreneurs to global enterprises, customers choose Zoom to seamlessly collaborate, communicate, and drive outcomes across meetings, phone, contact center, and more — all with the built-in assistance of Zoom AI Companion. Founded in 2011, Zoom is headquartered in San Jose, CA. For more information, visit zoom.com.

Exhibitor List (in sponsorship tier and alphabetical order)

Booth 16 ACW Distribution (HK)

ACW Distribution (HK) Limited is a pioneering value-added distributor of cutting-edge IT solutions. Renowned for integrating market-leading, "best-of-breed" products, we leverage an extensive network of certified regional partners to deliver innovative, top-tier IT solutions through trusted, long-standing global partnerships.

Booth 9 Logitech

logitech®
for business

Logitech for Business provides video conferencing and personal workspace solutions to elevate team collaboration and efficiency. Its portfolio includes conference cameras, keyboards, mice, webcams, and headsets. Seamlessly integrated with major video platforms, these solutions are backed by professional software support and robust warranty services.

Booth 15 Estha

Estha is a no-code AI platform that lets anyone build, launch, and monetise custom AI apps, no coding or prompts required. With Estha for Mac, enterprises run private, on-device AI for confidential workflows, so sensitive data never leaves your device. Turn your expertise into secure, purpose-built AI applications in minutes.

Booth 8 Jabra

Jabra is a world leading brand in audio, video, and collaboration solutions – engineered to empower businesses. Proudly part of the GN Group, we are committed to bringing people closer to one another and to what is important to them.

Booth 9 Samsung

SAMSUNG

Samsung drives business growth with innovative display technologies like The Wall, the world's first modular micro LED display. Offering tailored signage products and end-to-end solutions, Samsung maximizes performance for enterprises. With 17 years of innovation, Samsung maintains leadership by delivering cutting-edge display solutions to meet unique business needs.

Booth 13 DCL

DCL is a leader in IT infrastructure with over 30 years of experience. Backed by in-house R&D, we provide eco-friendly, reliable, and innovative solutions. Our latest portfolio supports AI-driven, high-density deployments of up to 85 kW per rack, ensuring maximum energy efficiency and operational reliability.

Exhibitor List (in sponsorship tier and alphabetical order)

Booth 14 Progress Software

Progress Software is a global software company, providing trusted infrastructure, application development, digital experience, managed file transfer, and AI-powered enterprise solutions. Serving organizations worldwide, Progress helps businesses accelerate innovation, improve operational efficiency, secure critical data, and drive digital transformation through products such as MOVEit, ShareFile, Progress Agentic RAG, WhatsUp Gold and Flowmon.

Booth 10 DBinsight.ai

Founded in 2024, DBinsight.ai is an HKSTP partner empowering SMEs with a no-code AI analytics platform. We bridge the gap between complex data and business decisions, enabling non-technical users to generate insights and dashboards effortlessly. We make enterprise-grade, cost-effective AI accessible, driving smarter growth for businesses of all sizes.

Booth 16 Kodak Alaris

Kodak Alaris is a global leader in information capture and intelligent document processing solutions. We transform paper into digital images, allowing users to instantly locate and share documents within DMS platforms; helping organizations streamline business processes and improve operational efficiency.

Booth 11 Blue Pin (Hong Kong)

Blue Pin (HK) Limited creates AI-powered smart building and hospitality solutions. Its GSR™ kiosks, mobile systems and service hardware help hotels, serviced residences, MICE venues, stadiums, commercial buildings and VIP locations move people faster, verify securely and operate more efficiently.

Booth 12 Esri China (Hong Kong)

Esri China (Hong Kong) Limited is a local IT company specializing in GIS and mapping solutions since 1997. Serving Hong Kong and Macao, we help organizations apply AI+ GIS to turn spatial data into location intelligence, improve operations, safety management and decision-making process.

Booth 10 MedMind

MedMind, founded in 2018 and incubated at Hong Kong Science Park, offers AI-powered gamified platforms for wellness and learning across corporate, education, and elderly sectors. Our motion based e sports and immersive multi-sensory relaxation solutions support office wellness, team building, ESG, and events. Flexible rental options available.

Exhibitor List (in sponsorship tier and alphabetical order)

Booth 16 Moka

Moka is an AI-powered recruitment management platform that helps over 3,000 global brands automate recruitment processes. Through workflow automation, data-driven insights, and an exceptional user experience, enables companies to manage talent and HR operations more efficiently.

Booth 16 Sophos

Sophos is a cybersecurity leader defending 600,000 organizations globally. Driven by AI and expert human intelligence, it provides 24/7 advanced threat monitoring, detection, and response. Sophos delivers industry-leading Managed Detection and Response (MDR) alongside a comprehensive security portfolio, including endpoint, network, and cloud security.

Supporting Organization GS1 Hong Kong

Founded by the Hong Kong General Chamber of Commerce in 1989, GS1 Hong Kong is the local chapter of GS1®. It supports over 8,000 corporate members across sectors like retail, healthcare, and logistics. Its mission is to empower business growth, efficiency, safety, authenticity, and sustainability through global standards-based platforms and services. GS1 Hong Kong provides a trusted foundation for accurate, shareable data, and its EPC standard drives IoT-based applications. For over 30 years, the organization has helped industries navigate omni-channel commerce challenges to create seamless customer experiences and facilitate commerce connectivity.

Booth 12 Omnichat

Omnichat Limited is APAC's leading AI conversational commerce pioneer. We empower brands to turn traffic into revenue across WhatsApp, LINE, and Meta Messenger. Driven by OmniClaw, our intuitive AI Strategist, and Omni AI Message Flow, our instant campaign automation engine, we deliver seamless, zero-setup customer journeys that accelerate your business growth.

Booth 11 SquareDog Robotics

SkyCare and Follower robotics redefine facility management. Visit our booth to explore autonomous facade maintenance and 900KG heavy-duty logistics automation in action.

Supporting Organization Hong Kong Wireless Technology Industry Association

Hong Kong Wireless Technology Industry Association (WTIA), established in 2001, is a not-for-profit trade association and community for professionals, dedicated to the innovative and emerging technologies industry. The Association acts as a platform, an aggregator, and a community for industry professionals to advance and facilitate the development of wireless, mobile, and emerging innovative technologies. We aim to enable technological breakthroughs and accelerate the applications of state-of-the-art technologies in various industries. Together, we are dedicated to shaping Hong Kong into a top-class innovation and technology smart hub.
